

# INDUSTRIAL ENGINEERING BSIE/MBA

---

BSIE/MBA Industrial Engineering undergraduates are eligible to participate in a 5-year academic program that leads to two degrees: a BSIE and MBA. Industrial Engineering students will complete all of the normal INEN degree requirements, with one exception: INEN electives are replaced with MBA leveling courses. The program is designed to be completed in 5 years with a general structure as follows:

- Years 1, 2, and 3 are spent in pre-engineering and industrial engineering coursework.
- Years 4 and 5 are spent taking MBA courses.
