**NURSING EDUCATION (MSN)**

Degree: Master of Science  
Major: Nursing  
Concentration: Nursing Education

The JoAnne Gay Dishman School of Nursing offers two graduate tracks leading to the Master of Science in Nursing (MSN) degree and one dual track (administration track) in nursing and business. Persons seeking admission may pursue the degree on a full or part-time basis.

**MSN Program Goals and Outcomes**

a. Goal: Program demonstrates evidence of students’ achievement in completing the nursing program.  
Outcome: 40% of students will graduate within 100% the length of the program

b. Goal: The program demonstrates evidence of graduates’ achievement in job placement  
Outcome: 80% of those seeking employment will be involved in role-related professional practice at 6-12 months post-graduation.

c. Goal: The program demonstrates evidence of students’ achievement of each End of Program Student Learning Outcome/role-specific professional competency.  
Outcomes:  
- Student Learning Outcome (SLO) Indirect Method: 90% of MSN graduates are expected to respond, “agree or “strongly agree” (4.0 or higher) to each end of program SLO.  
- Student Learning Outcome Direct Method: ALL MSN graduates are expected to achieve end of program SLOs by a combined score of 75% or higher on the culminating Synthesis Project using a standardized rubric.

d. Goal: The program demonstrates evidence of students’ achievement of role-specific professional competencies  
Outcomes:  
- Professional Competency Indirect Method: 90% of MSN graduates are expected to respond “agree” or “strongly agree” (4.0 or higher) to each end-of-program role-specific professional competency by graduation.
- Professional Competency Direct Method: Practicum courses

**MSN End-of-Program Student Learning Outcomes**

Graduates of the Nurse Educator or Nurse Administrator Tracks of the MSN program will demonstrate the following program outcomes:

a. Analyze issues in the context of healthcare policy and finance, including economic, legal, and political factors, to address the healthcare needs of a diverse society.

b. Analyze strategies to improve healthcare outcomes equitably across the health continuum for diverse populations in a global setting.

c. Utilize research methods, evidence-based practice, and informatics to investigate problems, evaluate outcome data, promote changes, promote safety and health outcomes, and improve nursing practice.

d. Translate current and emerging evidence from nursing theoretical frameworks and other sciences to guide decision-making that demonstrates best practices.

e. Demonstrate advanced nursing practice roles from professional, organizational, and personal perspectives within an ethical and legal framework.

f. Communicate effectively using multiple modalities with diverse individuals, groups, and populations in a global health care environment.

g. Contribute to system-level planning, decision-making, and evaluation for disasters and public health emergencies.

**Graduate Admission**

Applications are made through ApplyTexas (https://www.applytexas.org/). Nurses seeking admission to the MSN program at Lamar University, JoAnn Gay Dishman School of Nursing must meet the following requirements:

a. Bachelor of Science in Nursing Degree from a nationally accredited undergraduate program (Accreditation Commission for Education in Nursing (ACEN) or Commission on Collegiate Nursing Education (CCNE)).

b. Current, unencumbered licensure as a Registered Nurse (must be maintained throughout the duration of the program without lapse).

c. GPA of 3.0 or higher for the last 60 hours of college course work. This includes any graduate hours that may have been acquired.

d. College statistics course with a grade of “C” or better. Conditional admission without a statistics course is allowed, but statistics must be completed PRIOR to enrollment in MSNC 5311 Nursing Research. Students are strongly recommended to repeat college statistics if more than five years have elapsed since the course was taken.

e. Clear criminal background check

The Admission Process is as follows:

a. The student should follow the instructions for ApplyTexas (https://www.applytexas.org/), selecting the correct degree code and the semester in which the student wants to enroll.

b. Send official transcripts to the:  
Admissions office at Lamar University Admissions Office  
P.O. Box 10009  
Beaumont, Texas, 77710  

- After the mandatory advisement, the student will be responsible for enrolling in the specified courses for their accepted term by using their Self-Service Banner account.

**Nursing Education Track**

Nursing Education Track The Nursing Education Track provides registered nurses with the theoretical knowledge and skills necessary to become educators in academic and healthcare settings. Particular focus is placed on teaching-learning strategies and theories, curriculum development, measurement and evaluation, and role development as an educator. Practicum experiences provide the student with expert teacher mentors in the nursing education environment.
**Progression**
Graduate students must maintain a 3.0 GPA to be eligible to graduate. If three Cs are earned in any MSNC, MSNA, and/or MSNE courses, that student will be dismissed from the program.

The grading scale for nursing courses in the MSN program is as follows:

- A = 100-90 Excellent
- B = 89-80 Good
- C = 79-75 Satisfactory
- D = 74-60 Failure
- F = 59-0 Failure

**Transfer Credits**
Transfer of graduate-level credits is addressed under the Academic Policies of the College of Graduate Studies (https://www.lamar.edu/catalog/graduate-academic-policies/#acadpol) of the Graduate Academic Policies and Procedures section of this catalog.
