

# MATHEMATICS MINOR

---

A minor in mathematics requires 21 hours of courses taken from the list of acceptable courses below, including at least six hours at the 3000-4000 level. All courses in the Minor must be completed with a "C" or better.

| Code  | Title                               | Hours     |
|---|-------------------------------------|-----------|
| Complete 12 hours of Mathematics courses from the choices below:                    |                                     | 12        |
| MATH 2318   | Linear Algebra                      |           |
| MATH 2413   | Calculus and Analytical Geometry I  |           |
| MATH 2414   | Calculus and Analytical Geometry II |           |
| MATH 2415   | Calculus III                        |           |
| Any 3000 or 4000-level Mathematics course not used for the upper-level requirements |                                     |           |
| Complete 9 hours of upper-level (3000-4000) Mathematics courses: <sup>1</sup>       |                                     | 9         |
| <b>Total Hours</b>  |                                     | <b>21</b> |

<sup>1</sup> MATH 3312, MATH 3316 and MATH 4321 will not count toward this requirement
